## INBRIEF

### Owner of private bus involved in Kurnool accident arrested

The police on Friday arrested Vemuri Vinod Kumar, the owner of V. Kaveri private travel bus that caught fire in the Kurnool district of Andhra Pradesh on October 24, claiming 19 lives. He was granted bail by the court later. The police named the bus driver, Miriyala Lakshmaiah, as the first accused and the owner, Vinod Kumar as accused number two. During investigations, the police found several violations in the vehicle's design and non-compliance with basic safety guidelines.

### Nod for RSS processions on different days in Chittapur

The Kalaburagi district administration on Friday told the High Court of Karnataka that it will be permitting the Rashtriya Swayamsevak Sangh (RSS) and other organisations to hold their route marches and processions on different dates, subject to conditions, and the dates would be communicated to them by November 13. State Advocate-General Shashi Kiran Shetty informed a Bench during the hearing on the petition filed by Ashok Patil, convener of the RSS route march, Chittapur.

### 55-year-old accused of killing two women shot, held in T.N.

A 55-year-old man who allegedly murdered two elderly women in Salem district earlier this week was shot at and arrested by the police on Friday. The accused, C. Ayyanar, of Kamalapuram, sustained bullet injuries to his leg while allegedly trying to escape after attacking the police. The police said the accused had faced several cases of murder, and had even been convicted in a couple of those cases.

# Farmer killed in tiger attack; safaris halted in Bandipur

Karnataka Forest Minister suspends trekking activities in human-wildlife conflict zones; directs all available forest personnel be deployed to capture the tiger responsible for the repeated attacks

**The Hindu Bureau**
MYSURU

The continuing human-tiger conflict has left authorities at their wits' end, with another farmer killed in a tiger attack in Saragur taluk of Mysuru district in Karnataka, on Friday, the third such death.

In response, Karnataka Forest Minister Eshwar B. Khandre has ordered the immediate closure of safari operations in Nagarahole and Bandipur and suspended trekking activities in human-wildlife conflict zones. He directed to deploy all available forest personnel to capture the tiger responsible for the repeated attacks.

Three lives have been lost in tiger attacks along the fringes of the Nagarahole–Bandipur forests. FILE PHOTO

The latest incident took place at dawn at Hale Heggudilu village. Chowdaiah Naika, 35, had ventured into his field when he was dragged by a tiger, which left him dead.

The incident came to light when locals found a body in the elephant-proof trench abutting the forest and the village. It is speculated that the tiger, which was lurking nearby, attacked the farmer and dragged him to the trench where his body was found.

In a written directive to the Principal Chief Conservator of Forests and Chief Wildlife Warden, Mr. Khandre expressed grief over the farmer's death.

Prabhakaran, Deputy Conservator of Forests, Bandipur Tiger Reserve, who confirmed the incident, said the village where the latest tiger attack took place, is at an aerial distance of 6 to 7 km from the previous site, Koodagi village, where Doddaningaiah lost his life in a tiger attack.

There have been four tiger attacks in Saragur-HD Kote belt in the last few weeks. Three farmers have lost their lives while one lost his vision.

# T.N. Governor reserves 10 Bills for President

**The Hindu Bureau**
CHENNAI

The Raj Bhavan on Friday said Governor R.N. Ravi had reserved 10 Bills for consideration by the President, as they were contrary to the provisions of the University Grants Commission (UGC) regulations framed under an Act of Parliament. They were "considered beyond the remit of the State Legislature", it said in a statement. The Governor had granted assent to 81% of the 211 Bills received as of October 31, 2025, the statement added.

The 10 Bills were initially withheld by the Governor, and the decisions were conveyed to the State government. However, they were adopted again by the Assembly and submitted to the Governor, according to the statement.

**Clarification**

The clarification was issued after "certain unfounded and factually incorrect allegations" were made that the Governor was delaying assent to Bills passed by the Assembly, the release said.

Between September 18, 2021, and October 31, 2025, a total of 211 Bills were received by the Governor, of which 170 were granted assent, while 27 were reserved for the President's consideration. Of the 27 Bills, 16 were reserved for the President's consideration "at the request of the State government". While four Bills were returned with a message, two were withdrawn by the government.

Of the 170 Bills cleared, 73 were granted assent within a week; 61 within a month; 27 within three months; and nine after three months. Eight Bills were received in the last week of October this year, and they were under consideration, the Raj Bhavan said.

These details, it said, would "demonstrate the falsity of the claims made on social media and in the public domain".

**Yesterday**

In observation made at 4.00 p.m., Delhi recorded an overall air quality index (AQI) score of 322 indicating an unhealthy level of pollution. In contrast, Shillong, Meghalaya recorded a healthy AQI score of 18

**Air Quality Code:** Poor Moderate Good (Readings indicate average AQI)

**$SO_2$:** Sulphur Dioxide. Short-term exposure can harm the respiratory system, making breathing difficult. It can affect visibility by reacting with other air particles to form haze and stain culturally important objects such as statues and monuments.

**$NO_2$:** Nitrogen Dioxide. Aggravates respiratory illness, causes haze to form by reacting with other air particles, causes acid rain, pollutes coastal waters.

**CO:** Carbon monoxide. High concentration in air reduces oxygen supply to critical organs like the heart and brain. At very high levels, it can cause dizziness, confusion, unconsciousness and even death.

**PM2.5 & PM10:** Particulate matter pollution can cause irritation of the eyes, nose and throat, coughing, chest tightness and shortness of breath, reduced lung function, irregular heartbeat, asthma attacks, heart attacks and premature death in people with heart or lung disease
