Department of Information Technology

**Request for Proposal (RFP) for Supply, Installation & Maintenance of various Hardware Items including Computers/ Printers/Scanners etc. under Rate Contract.**

**RFP REF NO: DIT/BPR&BTD/OA/5607/2019-20 Date: 06/03/2020**

**Amendments, Addendums and Corrigendum**

**TECHNICAL SPECIFICATIONS**

**Group – A**

**Item: Desktops Type-I**

| Clause No | Parameter              | Existing Specifications                                                                                                                                                                                                           | Revised Specifications                                                                                                                                                                                                       |
|-----------|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 3         | Processor              | Intel® Core i5 8500/8600 Processor (Hexa core, 3.0 Ghz or higher base frequency, 9 MB L3 Cache) 8th Generation or higher OR AMD Ryzen 5 3500/3600 (Hexa core, 3.6 Ghz or more base frequency, 16 MB L3 cache or higher) Processor | Intel® Core i5 8400 or higher Processor (2.5 Ghz or higher base frequency, 8 MB L3 Cache) 8th Generation or higher <b>OR</b> AMD Ryzen 5 3400G or higher (3.6 Ghz or more base frequency, 4 MB L3 cache or higher) Processor |
| 4         | Mother Board & Chipset | Intel B365/B360 or AMD B350 Chipset or higher chipset/equivalent AMD chipset as per Bank's technical specifications.                                                                                                              | Intel B365/B360 or AMD B350/ AMD Pro 500 Chipset or higher chipset as per Bank's technical specifications.                                                                                                                   |
| 5         | RAM                    | Minimum 8 GB DDR 4 1600 MHz or higher expandable up to 16 GB, 4 DIMM slots out of which at least 2 should be free                                                                                                                 | Minimum 8 GB DDR 4 1600 MHz or higher expandable up to 16 GB, 2 DIMM slots out of which at least 1 should be free                                                                                                            |
