The technical competence and capability of the bidder should be clearly reflected in the presentation. If any short listed bidder fails to make such presentation, they will be eliminated from the selection process.

At the sole discretion and determination of Bank, the Bank may add any other relevant criteria for evaluating the proposals received in response to this RFP.

Bank may, at its sole discretion, decide to seek more information from the respondents in order to normalize the bids. However, respondents will be notified separately, if such normalization exercise as part of the technical evaluation is resorted to.

The commercial proposals of technically short listed bidders will then be opened.

Non-compliance of any point in scope of work and technical requirements will lead to rejection from the further bidding process. After technical evaluation commercial bids of only technically qualified bidders will be opened.

3. Commercial Evaluation

It may be noted that commercial bids will be subjected to following evaluation process:

- The evaluation will be a techno-commercial evaluation and for this purpose, the Technical evaluation will have 80% weightage and Commercial evaluation will have 20% weightage. These weightages shall be taken into consideration for arriving at the Successful Bidder.
- The combined score shall be obtained by weighing the technical and financial scores in the ratio of 80:20 and adding them up. The evaluation methodologies vis-à-vis the weightages are as under:
- The Score will be calculated for all eligible and technically qualified Bidders based on the following formula:

$$S = (T/T \text{ High} \times 80) + (C \text{ Low}/C \times 20)$$

where:

S = Score of the Bidder

T = Technical score of the Bidder

T High = Highest Technical Score amongst the bidders

C = Quote as provided by the Bidder (please refer to Annexure

C Low = Lowest Quote of C amongst the Bidders

- On the basis of combined weighted score for technical and financial, the bidder shall be ranked in terms of total score obtained. The proposal obtaining the highest combined score in evaluation will be ranked as H-1 followed by the proposals securing lesser score as H2, H3, etc. The bidder securing the highest combined score will be considered for appointment as Consultant in terms of this RFP

For example - There are three bidders A, B and C.

Technical score will be arrived at treating the marks of the bidder scoring the highest marks (A) in technical evaluation as 100. Technical score for other bidders (B, C, etc.) will be computed using the formula Marks of B/Marks of highest scorer A * 100

Similarly Commercial Score of all technically cleared bidders will be arrived at taking the cost quoted by LI bidder i.e., the lowest quote from all technically qualified bidder (say C) as 100. Marks for other bidders will be calculated using the formula:

$$\text{Commercial Score} = \text{Cost of LI bidder} / \text{Cost quoted by bidder} \times 100$$

A "Combined score will be arrived at, taking into account both marks scored through Technical Proposal evaluation and the nominal commercial quotes, with a weightage of 80% for the Technical Proposal and 20% for the Commercial Proposal. The combined score is arrived at by adding Technical Score and Commercial Score.

Sr. No	Bidder	Technical Evaluation marks (T)	Nominal Bid price in INR (C)	Technical Score	Commercial Score	Combined Score (out of 100)
1	A	95	71	$95/95 \times 80 = 80.00$	$60/71 \times 20 = 16.90$	$80.00 + 16.90 = 96.90$
2	B	85	65	$85/95 \times 80 = 71.58$	$60/65 \times 20 = 18.46$	$71.58 + 18.46 = 90.04$
3	C	90	60	$90/95 \times 80 = 75.79$	$60/60 \times 20 = 20.00$	$75.79 + 20.00 = 95.79$

In the above example. Bidder A with highest score becomes the successful bidder.

4. Normalization of bids:

The Bank has discretion to go through a process of Eligibility evaluation followed by the technical evaluation and normalization of the bids to the extent possible to ensure that eligible bidders are more or less on the same technical ground. After the normalization process, if the Bank feels that any of the bids needs to be normalized and that such normalization has a bearing on the price bids; the Bank may at its discretion ask all the eligible bidders to re-submit the technical and commercial bids once again for scrutiny.

The resubmissions can be requested by the Bank in the following two manners:

- Incremental bid submission in part of the requested clarification by the Bank.
- Revised submissions of the entire bid in the whole.

The Bank can repeat this normalization process at every stage of bid submission or till the Bank is satisfied. The eligible bidder/s have to agree that they have no reservation or objection to the normalization process and all the technically short listed bidders will, by responding to this RFP, agree to participate in the normalization process and extend their co-operation to the Bank during this process. The shortlisted bidder/s, by submitting the response to this RFP, agrees to the process and conditions of the normalization process.
